Course and Class #                                Hours of Credit     Semester /Year

Proposed Independent Study/Research Proposal. Include a complete typewritten outline of: (1) the topic(s) you propose to examine, (2) your goals/purposes/objectives in undertaking the study, (3) the methods to be used in evaluating your efforts, and (4) a representative list of the resources (bibliographies, interviews, etc.) you expect to employ.

All independent study/research courses shall result in a tangible report which shall be evaluated. As appropriate, the student also may wish to provide a public demonstration of the final product/report.
